RE: Testimonial for Breworks Design & Communications Pte Ltd

We at Youcan Foods International Limited (Youcan) have been working with Breworks Design & Communications Pte Ltd (BDC) since early 2004 during our Initial Public Offering (IPO) period. I must say that the 5 years relationship has always been prolific and comprehensive.

BDC and team showed great commitment in their delivery of the services. Their style of executing each event has always been unconventional yet exceptionally creative and diligent. They never fail to deliver tasks that were allocated to them and always on time.

We also had great experiences to share on their Public Relations effort in promoting our food products from a wider perspective. They understand our needs as a new brand in the market and were able to come up with ideas that produce results within a set budget.

BDC's innovative and creative ideas are impeccable. Great promotional campaigns (both above and below-the-line) were proposed to us from time to time to drive our Youcan brand awareness. These show that they are always well prepared, dedicated, committed and passionate about their work.

I personally endorsed this letter as a token of my appreciation to **Breworks Design & Communications Pte Ltd** for all their hard work and efforts in continuously delivering results to us. I will not hesitate to recommend BDC to any company who requires creative and committed services.

Yours Truly,

Jong Voon Hoo
Chief Financial Officer/Business Development (SE Asia)
